# Equipment for the Powder Coating Industry

With more than 30 years of experience in designing and building equipment for the powder coating industry, including full production lines, CPM has continued to set the standard. CPM works with its customers develop a custom solution, specific to the customer's requirements including processing lengths, centerline heights to accommodate downstream equipment and much more.

**CXE-70-PC**

1. High Speed Container Mixer
2. Docking Station
3. Twin Screw Extruder
4. Drum Cooler
5. Grinder

## Benefits

- Module design barrels providing flexibility as well as uniform heating and cooling
- System integrations
- Swing away sidefeeder system
- Full extruder wash down option
- Customizable to your processes
- Full lifecycle support

Let Us Test it **For You**

Our innovation labs are equipped to assist in developing and optimizing your processes.

CPM Holdings, Inc. is a diversified leading global supplier of process equipment and engineered technologies that sustainably feed, fuel, and build a better world.
