CPM **Dura-Rivet™** for Hammers

Features & Benefits

- **Universal Compatibility**

Works with a wide variety of hammer styles.

- **Pre-Assembled Design**

Hammers and rotor slot come as a single unit for simplified handling.

- **Reduced Component Count**

Fewer individual parts and no spacers required.

- **Simplified & Quick Installation Process**

Requires less preparation, fewer hands, and minimal setup time.

- **Minimized Downtime**

Faster installs and lower maintenance keep operations running longer.

- **Improved Safety**

Easier installation reduces risk of injury.

- **Extended Component Life**

Reduces concentrated wear on rods and helps prevent hole elongation.

Compatibility

Available for all Barstock Hammers and the Dagger™

*** Not available for the Pentagon™

From the food you and your animals eat to the fuels you require, CPM plays an important role in building a better world. Our experienced team and family of trusted brands are working together to make our planet a better place to live.
