

CPM **Velox™** System

ONECPM.COM

Introducing Velox—a revolutionary new product designed to reduce installation time by up to 33%.

Velox streamlines hammer installation, making the process faster, safer, and easier for everyone—even new team members. With simplified instructions, there's less room for error and more time to focus on what really matters.

Increased
efficiency and
productivity

CPM **Velox™ System**

Features & Benefits

- **Pre-Labeled for Easy Setup**

Numbered groups match the pattern layout for quick identification and positioning.

- **Fast, Guided Installation**

Simple instructions and QR code access make setup quick and intuitive.

- **Integrated Components**

Hammers, spacers, and lock collars come as one unit to reduce handling time.

- **Flexible Configurations**

Multiple spacer/hammer combinations adapt to various operational needs.

- **Minimized Downtime**

Faster installs and lower maintenance keep operations running longer.

- **Improved Safety**

Easier installation reduces risk of injuries.

- **Ready-to-Install Packaging**

Each unit is wrapped for shipping protection and easy installation.
